

LIVEPICTURE GO

A plant picture for your home

LivePicture GO offers a playful way of adding vertical greenery to your living, learning or working environment. Even if you do not have green fingers, the plants stay healthy and beautiful with little effort required. The LivePicture GO empty indicator shows when the water tank needs to be filled. The tank holds enough to water the plants for two to four weeks. The capillary technology of the plant cassette ensures the plants always have the right amount of water. The slots of the removable plant cassette are filled with plants based on your own preferences and tastes. LivePicture GO is highly versatile; it can be used indoor, in a single or a modular set-up. Create a playful collage using multiple LivePicture GO units. Easily mount the living picture using the two screws and installation template provided.

LivePicture GO Bamboo is made of sustainable bamboo fibres. Bamboo is a natural and sustainable material and has a low environmental impact. Bamboo is biodegradable and 100% recyclable. This natural and sustainable material ensures that any LivePicture GO is unique. Not only the plants, also the frame makes the LivePicture GO Bamboo green.

BENEFITS

- Vertical greenery takes up less space
- Improves the indoor climate and air quality
- Helps improve focus, productivity, and general well-being
- Improves the acoustics in a room
- Sound-dampening effects
- Lowers stress levels

FEATURES

- Water tank lasting 4-6 weeks, with 'full' and 'empty' gauge
- No electricity or pump required
- Fully recyclable
- Interchangeable plant cassettes
- Lightweight
- Integrated watering system
- Quick and easy installation
- 100% recyclable

TECHNICAL INFORMATION

DIMENSIONS (L x H x D)

20.3" x 20.3" x 4.4"

COLORS

White, Bamboo Natural and Bamboo Black.

MATERIAL

Frame: Bamboo Bioblend or ASA.

Plant cassette: EPP (Expanded Polypropylene).

WEIGHT

6.0 lb excluding water and plants.

approx. 0.5 gal water volume.

PLANT CASSETTE

The interchangeable plant cassette has two slots that provide space for 4 inch plant pots in total (three plants per slot).

MAINTENANCE

Clean the frame using a soft microfiber cloth and mild soap. Do not use abrasive cleaning agents. Pruning dead or unhealthy plant matter will encourage new growth, resulting in fuller and more compact plants, and helps them retain their green and fresh appearance.

WATER SUPPLY

0.5 gal water tank, filled manually. The water reservoir is fitted with an 'empty' and 'full' gauge. No electricity, drainage, or water supply is required.

INSTALLATION

Installation template, instructions, and assembly material included.

PLANT SUGGESTIONS

Houseplants, herbs, succulent plants, and grasses.
